HIV Implementation Science
to Optimize Research Impact

2022 HIV Implementation Science to Optimize Research Impact (HISTORI) Scientific Congress

Dallas Texas

Juneteenth Unity Weekend

Crowne Plaza Dallas Downtown Hotel

Day 1: Thursday, June 16, 2022

Pre-Congress Workshops, 1:00pm CST – 4:00pm CST

1:00pm to 1:10pm: Welcome and Housekeeping

1:10pm to 2:40pm: Workshop 1: Introduction to Implementation Science and Methods (by Donna Spiegelman, Yale University)

2:40pm to 2:50pm: Snack Break

2:50pm to 4:00pm: Concurrent Workshops

- Workshop 2: WhatsApp and Text-Based Chatting in Qualitative Data Collection (by Gloria Aidoo-Frimpong, Yale University and DeAnne Turner, University of South Florida)
- Workshop 3: Doing the MOST – Using Multiphase Optimization Strategy Design in Implementation Research (by Raul U. Hernandez-Ramirez, Yale University)

Networking Reception, 5:00pm CST – 7:00pm CST

Day 2: Friday, June 17, 2022

Scientific Congress, 9:00am CST – 5:00pm CST

Before 9:00am: Pick up name tags

9:00am to 9:15am: Welcome and Housekeeping

9:15am to 10:30am: Facilitated Discussion on Urgent Research Priorities for Ending the HIV Epidemic in Black Communities

10:30am to 10:45am: Snack Break

10:45am to 10:55am: Instructions for Science Generation Small Groups

10:55am to 12:00pm: Science Generation Small Groups Working Session

~ Lunch Begins at 12:00pm ~

12:10pm to 12:50pm: Plenary Session on HIV Prevention Trials Network 096 Project: Building Equity Through Advocacy

~ Lunch Closes at 1:00pm ~

1:00pm to 2:30pm: Science Generation Small Groups Working Session Continued

2:30pm to 2:45pm: Snack Break

2:45pm to 3:15pm: Science Generation Sharing to Full Group

3:15pm to 4:35pm: Facilitated Discussion on Holding Systems Accountable for Enacting Identified Research Priorities

4:35pm to 5:00pm: Closing Remarks & Thanks
